Subject: Request to upload this announcement via websites, letters, or official channels to all faculty, students, and officials, inviting participation in the India Space Lab: Winter Internship & Technical Training Program 2026-27- reg

Respected Sir/Madam,

Kindly disseminate and upload this announcement via website/ Letter/ official channels to all the faculty, students, and officials, inviting their active participation in the Upcoming India Space Lab: Winter Technical Training Program

We encourage you to read more about the **Hon'ble Prime Minister's** thoughts on India's remarkable space journey in his Mann Ki Baat program in August 2024, where he shared his thoughts on India Space Week and its significance and appreciated its contribution.

Following the notice issued on December 8, 2023, regarding the online meeting on "Viksit Bharat @2047: Voice of Youth," referenced as F.1-1/2023(secy/ViksitBharat@2047), we are pleased to announce that the Prime Minister has launched "Viksit Bharat @2047" on December 11, 2023.

The Government of India, under the visionary leadership of Hon'ble PM Shri Narendra Modi, has initiated groundbreaking reforms in the space sector. These reforms aim to promote and advance space education, research, and development in our country. Following the successful of India Space Week & National Space Day event held in August, 2024 and an Advanced Drone workshop /Internship Technical Training Programme /Cyber Security Awareness Program/Astronomy and Astrophysics/Space Entrepreneurship/ Artificial Intelligence in Technology /Disaster management/conducted across universities and official Departments. In continuation, The India Space Lab has launched a Winter internship technical training program - 2026 for all (Space Education & Employment).

India Space Lab: Winter Internship & Technical Training Program.

About Winter Internship:

Undergraduate and postgraduate students and research scholars in recognized universities or institutions in India and abroad can apply for the India Space Lab Winter Internship. Participants will work closely with various verticals, divisions, and cells of Space and receive training in Drone Technology, Can-Sat and Cube-Sat (Student Satellite), Rocketry, Artificial Intelligence in Technology, Remote Sensing (GIS), Disaster Management. This internship will be conducted online, with no stipend provision.

Registration: -The Winter internship has total of two Batches. The registration timeline for both the batches is as follow.

Batch	Registration Start Date	Registration End Date
Batch - 1	1 September 2026	30 October 2026
Batch - 2	1 September 2026	18 December 2026

NOTE: Seats are available only for Batch 2. The last date for registration is 18 December 2026.

.

The participants can choose the batch as per his/her comfort. The selection to the program is or first come first.
