HONOURABLE VICE CHANCELLOR'S MESSAGE

It is a matter of enormous pleasure for me to be a part of the Gautam Budha University family as its Vice Chancellor. I take this opportunity of welcoming students coming from all parts of the country, joining the university in undergraduate as well as postgraduate programmes.

The department of Education and Training has highly qualified faculty in their respective fields of expertise. A large number of national and international conferences, seminars and workshops are organized by the department. Such events provide a variety of experiences to the students and inculcate skills such as leadership and team spirit which are helpful in their career. Our faculty members have been able to publish good quality research work in high impact factor journals of repute. There is an active interaction between faculty and students in the campus. The learning experiences in the campus pave a strong path for enhancement of overall development of the learners.

Further, the department is ICT enabled and provides an e- learning and e-connect environment, alongwith class coordination system, document management system as well as virtual class rooms. The university is situated in a serene environment. The serenity alongwith a complex structure of curricular, co-curricular and extra-curricular activities will shape your physical, mental and intellectual growth. As a student of the university, you are the torch bearer and you come from, in order to bring in positive change, towards a direction that will develop overall sustainability for a better future.

I wish and assure you, on behalf of the University family, that we will help you pursue your objectives of life under the varied social, cultural and economic environment and make the University family proud of your attainments.

A MESSAGE FROM DEAN

These days, an educator's job is more than teaching math, reading, and writing. You are planners, coaches, creative directors, and so much more. Teachers' challenges include developing student skills in critical thinking and deep value for community and civic engagement – the very foundation of our democracy rests upon these skills and values. While we ask much of our teachers, the work offers much in return. There is deep satisfaction in living and leading a life of purpose in service to something larger than oneself.

Our work in teacher preparation in the Department of Education and Training is driven by a similar purpose, and the values of service and community. As, Department of Education and Training we have a responsibility to help improve teaching and learning in schools in our region, and we embrace that role in our undergraduate classrooms and master's degrees. Our graduate students and faculty pursue knowledge in the fundamental core humanities and social, natural, and computational science fields, as well as synthetic and collaborative interdisciplinary approaches to solving humanity's grand challenges.

Our faculty is a community of dedicated scholars and teachers whose research expands the boundaries of our knowledge and imagination, and whose teaching prepares students for wide-ranging careers and lifelong learning. We are a vibrant, thriving teaching and learning community, focusing on promoting equity, justice and excellence in diverse urban settings. The college prepares educators, counselors and leaders based on 7 key ideas: effective pedagogy, evidence-based practices, collaboration, leadership, innovation scholarship and advocacy. College of Education faculty and staff are deeply committed to student success, and routinely go the extra mile in meeting student needs. Students receive excellent advising for timely completion of their degrees. They have opportunities to participate in service learning, community engagement, and student governance activities.

With this message, I would like to conclude by wishing each one of our students, alumni, and future students a very successful and fruitful experience together.

1. ABOUT THE DEPARTMENT

The Department of Education and Training was established in the year 2011 as an integral part of the School of Humanities & Social Sciences. The Department is outlined to promote educational development in the contemporary social context. The innovative research and training seminars, workshops and other academic activities are organized for the students, in-service teachers, administrators and other professionals engaged within the education sector.

The curriculums of the programs are designed in line with the regulatory bodies and at par with the Universities/Institutes of national repute. The 2 year B. Ed program has been recognized by the National Council for Teachers Education (NCTE).

The department is fully equipped with laboratories of modern equipment including Psychology Lab, Curriculum Lab and ICT Labs, Social Science Lab etc. Laboratories in the university are always available for students and they are free to access the equipment and excel in their academic and creative field.

2. PROGRAMMES

The department is running two programmes, Bachelor of Education (B.Ed.) Duration- 2 years, 4 Semesters since academic session 2017-2018 with 50 seats and Master's in Education (M.A) Duration- 2 years, 4 Semesters 30 seats since 2011-12. The MA programme is of two years duration and has four semesters of six months each. The curriculums of the programs are designed in line with the regulatory bodies and at par with the Universities/Institutes of national repute. The 2 year B. Ed program has been recognized by the National Council for Teachers Education (NCTE).

In the first year students are taught about the psychology of children and philosophy of education. Side by side they are also trained to become skillful through teaching different methods, approaches and techniques according to their pedagogies. In second year the students go for their internship in different schools and have direct experience of teaching and improve their skills accordingly.

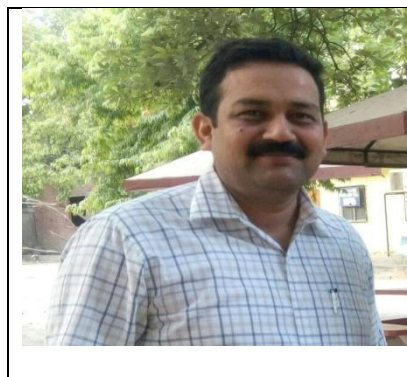

The course structure of B.Ed follows the National Education Policy 2020. It aims to develop good, thoughtful, well-rounded creative individuals. The syllabi which was first prepared when the programme came into being in 2017, has been revised time to time based upon the requirement.

Now from this session 2023-2024 department is going to introduce a new education programme that is ITEP with multiple exit points and with flexible degree options in the four year educational programme.

3. BRIEF PROFILE OF THE FACULTY

Keeping NEP 2020 in mind the interdisciplinary nature of course structure is prepared and has the active participation of teachers from other departments. This includes faculty from the Environmental Science Department, ICT Department, Health and Education Department etc.

The department is headed by Dr. Rakesh Kr. Srivastava.

Dr. Rakesh Kumar Srivastava,
Ph.D. (International Finance), MBA (Finance),
L.L.B. (Corporate Law)
Assistant Professor (Finance)
School of Management
Gautam Buddha University
Greater Noida - 201312
Gautam Buddha Nagar, India
Email: rakesh@gbu.ac.in , drrakeshkrsvivastava@gmail.com
Phone No. 91-120-234-6159 (Office)/ Mobile: 09560399125

With an experience of over 20+ years of teaching & research, did his doctoral research in the area of International Finance, from *School of Management Studies, Motilal Nehru National Institute of Technology, (MNNIT), Deemed University; LLB (Corporate Law) and MBA (Finance) from University of Allahabad*. Has served the SMS, MNNIT as a UGC's Research Fellow in a Major Research Project of UGC.
