

1. **Project Title:** Investigation on Optical Correlation Filters for Distortion Invariant Pattern Recognition

PI: Dr. Mausumi Pohit

Funding Agency: SERB (Dept. of Science & Technology),

Total cost of Project: Rs 36 Lakhs (2012-2015)

2. **Award:** Core Research Grant (CRG)

Project Title: “The development of efficient theoretical and simulation tools for designing low cost and high figure of merit plasmonic sensors based on isolated and coupled nanoparticle systems”

PI: Dr. Manmohan Singh Shishodia

Date of Start: 18/01/2020

Total cost of Project: INR 16, 61, 250/-

Funding Agency: DST-SERB, India

Duration: 3 years
