

Department of Civil Engineering

Message from HOD

It is a great pleasure to welcome you to the Department of Civil Engineering (CE) at Gautam Buddha University (GBU). We encourage you to visit us and explore the many opportunities our department offers. Its programs have been designed in accordance with international standards to meet the market needs. We offer B.Tech and M.Tech degree programs in Civil Engineering. We in this department aim to provide the highest quality of educational experience for students from every walk of life and that our students are well-equipped for their careers, professionally, intellectually, and culturally. Faculty members have good academic credentials and are highly motivated. The department is continuously updating the curricula of undergraduate and postgraduate programs to keep pace with national and international developments. The department is equipped with high-quality laboratories. Our graduates play a vital role in all development plans of the country and hold key positions in all governmental and private sectors. They are involved in different engineering projects in various areas such as structural analysis and design, planning of transportation systems, design and managing water resource systems, surveying and remote sensing, environment engineering, construction management and geotechnical engineering.

If you have further questions, please do not hesitate to contact us. You may also correspond with individual faculty members by email or otherwise.

Dr. Shobha Ram
