# Gautam Buddha University

An Ultimate Destination For Higher Education

## Message from Vice Chancellor

Prof Ravindra Kumar Sinha

“GBU- School of Management is one of the Eight-schools of studies in Gautam Buddha University. The eight schools of learning impart education to a global clientage comprising of students from south east Asia to the middle east and gulf countries. The GBU - MBA has been a flagship programme of the university and is the very first school of learning to start at Gautam Buddha University.

I welcome all recruiters to come and participate in the Campus Recruitment Program 2024-25, which will provide graduating students with an opportunity to demonstrate their worth and contribute to your organisation. We're excited to give recruiters a positive experience and take a step ahead in developing our relationship with the industry.

-Prof. R.K Sinha  
Vice-Chancellor

# Gautam Buddha University

An Ultimate Destination For Higher Education

## About School of Management

With India moving towards to be a 5 Trillion dollar nation, the growth in corporate sector is expected to be phenomenal. This growth can only be achieved with skilled management professionals who are trained to handle different industries and service organizations. GBU-School of Management has been nurturing students from different academic streams through their graduate and post graduate programmes to become business leaders. The School of Management established in 2009 has been imparting quality education pivoted on a rigorous curriculum and strong industry-academia relation. The output of these efforts are well reflected through the placements which have been above 75% in the last three years, with highest salary package of 12 lakh p.a. and average package of 5 lakh p.a.

The School of Management has carved out a sizeable niche amongst MBA aspirants with students coming not only from India, but also other foreign countries. A strong global alumni network also fosters this commitment towards skill oriented education by providing mentorships, internships and job opportunities for current batches of students. The School of Management welcomes all recruiters to our campus recruitment 2024-25.

An Ultimate Destination For Higher Education

## About MBA Programme

MBA graduates are amongst the most sought after professionals in the corporate world. With the demand of MBA graduates growing exponentially in the post-pandemic world, undoubtedly this programme is amongst the first choice of students wanting to pursue a high paying career in the corporate world. Be it Finance , HR, Marketing, Operations or Business Analytics. MBA graduates are taking up top positions in the world of business. The beauty of this course is that it can accommodate students from varying and diverse academic backgrounds. From Engineers, to Law graduates MBA has become an essential degree for professionals wanting to climb the corporate ladder and be at the helm of affairs in business enterprises.

As the number of students interested to pursue an MBA programme is growing, so are the number of institutes offering this programme. But the real value of MBA is realised only through quality education and focussed curriculum which teaches skills to handle different managerial situations. GBU with its team of well-qualified faculty and staff supported by a world class infrastructure is the destination for such a quality education.

## Message from Dean

**Dr. Indu Uprety**  
Dean, School of Management

University School of Management (USOM) at Gautam Buddha University offers an exciting and conducive academic and research environment for the growth of individuals. With its focus on four core values - Character, Creativity, Competence, and Commitment, the USOM at GBU imparts cutting edge value and skill-based education in different management streams that is relevant globally as well as locally. It envisions to set international standards to deliver management education and research with greater emphasis on skill development of students to meet the complexities of the changing world and to enable them to become successful leaders, researchers and entrepreneurs.

I would like to cordially invite the recruiters for the campus placement drive in our campus.

## Management Education with a Spiritual Touch

One of the greatest challenges of management education worldwide today is to make managers who are not only ready to lead, plan, organize their people and resources in a highly competitive and turbulent corporate environment, but are also ethically driven.

Gautam Buddha University being an important center for Buddhist learning is trying to provide a solution to this problem.

Our MBA programme is amongst the only Management Course in the country where we have amalgamated contemporary business concepts, tools and techniques with Buddhist Philosophy and ethics, so as not just to make competitive managers, but modern age business leaders who are not just driven by narrow soulless competition but are philosophical, kind and virtuous to their job and the people around them.

Students have compulsorily to take up course in Buddhist Philosophy each year. Along with this continuous meditation classes and Vipassana training form a component of their Programme training.

# PLACEMENT HIGHLIGHTS

Highest salary Package Offered	10 LPA	12 LPA	15 LPA
Average Salary Package of the batch	5 LPA	5 LPA	5 LPA

## MAJOR RECRUITERS

# Gautam Buddha University

An Ultimate Destination For Higher Education

## Corporate Relations and T&P Cell

In the past years the placements of GBU has been good and encouraging. More than 75% students have been placed from the campus with highest salary package of 12 lakh p.a. and average package of 5 lakh p.a.. GBU extends all the support to ensure that students are given the opportunity to streamline their career interests. The placement team continuously endeavors to ensure that GBU continues to be a favored destination for recruiting organizations. This is possible only with the assistance and full co-operation of all students. In order to maximize the sum of benefits to all the stakeholders, the Placement Policy for the students has evolved over the years. To realize a win-win situation for GBU and our partner organizations, all students are expected to understand the Placement Policy and follow it strictly. The Corporate Resource Centre (CRC) at GBU intends to be the face of the University to the Corporate/Industry. It aims to facilitate the process of close Industry-University interactions and actively promote new avenues in experiential learning. The CRC endeavors to bridge the gap between academia and corporate world. It engages leaders, entrepreneurs, executives, and policy makers to address students to facilitate practical learning. The CRC also helps students by counseling them to choose appropriate career options depending on their aptitude and interest. The CRC helps students in finding appropriate summer projects and final placements. The CRC involves students strategically for various events, summer and final placements.
